In addition to the short term programme, a long term programme of variable compensation has runned, which was based on the result of the Mekonomen Group for the financial years 2011-2013.

The Compensation Committee has evaluated the variable compensation and has presented the outcome to the Board of Directors and it was thereafter established that the compensation have been appropriate. It may be noted that the long term compensation programme (2011–2013) has not resulted in any costs for the company. The guidelines have fulfilled their purpose and functioned as intended and the application of the guidelines has been correct.
